

## 3D PRINTING

We can help bring ideas off the flat screen and produce functional 3D models that can be easily shared, critiqued, and improved. Standard ABS colors are white, black, red, blue, green, gray, yellow and red. Custom colors may be ordered and are available in natural, dark gray, red, blue, nectarine, fluorescent yellow, olive green and white.

The ENTERPRISE MULTIMEDIA CENTER is proud to have been chosen

as the prototype regional support center for the Northeast IMA region, approved and endorsed in October 2005 by Ms. Diane Devens, Regional Director.

We continue to strive for excellence in providing high quality product lines for the Training Community and Senior Mission Commander while meeting the ever changing demands placed on US Army soldiers for total quality training.

We welcome any comments or suggestions you feel will help us better serve your needs now and in the future.
