These products bring a never-before-imagined form of realism to range managers and trainers with total cost effectiveness.

Product Descriptions

TOMS: Terrorists On Mission\$

These realistic images of combatants and "friendly" are printed on corrugated plastic with highly durable inks. Each target is prepunched to fit flat or curved lifters and is designed for 25-50 meter ranges allowing the qualifying soldier opportunity to identify shoot or no-shoot situations. These are great haves for MOUT sites and Live Fire Convoy training.
